

## IRELAND PARKING & LOADING

### **PARKING**

Due to the IHSA State Basketball Championships at the State Farm Center, parking is not available in any of the parking lots in the State Farm Center. Plan on someone dropping you off or car-pooling to get your luggage and other items here. Do not park in any metered spots or the Harding lot over break. Your car will be towed.

### **REPORT TIME**

Arrive at the Harding Band Building no later than 8:30 AM to start loading the coaches. They will report to the Band Building, not the School of Music. Large equipment will be packed first and may need to be packed on other buses other than the bus you ride. **STAFF will report by 8:00 AM, Loading Crew report by 8:15 AM, and loading will start at 8:30 AM.**

### **LOADING EQUIPMENT**

We will start with loading the drumline and sousa equipment. These items will be loaded on the buses where these sections are assigned. Once those spaces are filled, we will use some of the other bays to be sure these items fit. Once the large equipment has been loaded, then luggage and other instruments can be loaded.

While this is taking place, line up your luggage and large equipment in a line next to your bus. Take as many items ON the bus and store in the overhead bins to maximize space in the bays.

\*Be sure ALL items are tagged appropriately with the correct luggage tag
